

To whom it may concern

Date: 26. October 2021

Our ref.: 20/03676

Executive officer: name

Exempt from public:

Approval of project «The impact of COVID-19 social distancing on mental Health and Quality of life. A cross-national comparative study. Survey 3; COVID-19 Wellness Survey”, project leader professor Amy Østertun Geirdal.

The Survey will have a landing site in each participating country; USA (University of Michigan, Ann Arbor (prof. Mary Ruffolo)), UK (University of Central Lancashire (dr. Gary Lamph)), Australia (The University of Queensland (dr. Janni Liung) and Norway (OsloMet).

All data will be stored at “nettskjema” (a web form) directed by OsloMet. All approvals for collecting and storing data are met according to Norwegian rules and laws.

The project has been approved by Oslo Metropolitan University (approval number 20/03676) and will not process any personal data.

We also refer to the assessment by the regional Committees for medical and health research ethics, number 132066
